## Expanding Arizona's Transportation Options *Your Input is Needed*

On January 8, 2007, Governor Napolitano issued an executive order directing the Arizona Department of Transportation (ADOT) to report on statewide transit, commuter rail, and light rail options to serve and connect as efficiently as possible those Arizona communities for which such options would be cost-effective. The ADOT report will include information about transit needs as well as an assessment of potential public and private funding sources.

The public is encouraged to attend an open house/public meeting to provide input regarding options for mass transit, commuter rail, and light rail. The purpose of the open house is to identify public interest and concerns, and answer questions about the project.

For additional project information, contact Jim Dickey, ADOT Public Transportation Division Director, 206 S. 17th Avenue, Maildrop 340B, Phoenix, AZ 85007; phone: 602-712-8137; fax 602-712-3046; e-mail: [jdickey@azdot.gov](mailto:jdickey@azdot.gov).
